

City Calm Down

Architecture in Helsinki

Drinking stolen gin from the rich people's bar next door (and awkwardly)

I'm leaning on the shoulder of the neighbour who you choose to ignore

(and she says won't you calm down)

City city won't you calm down we're never goin' get to the bottom while there's traffic around Passed a little

lonely cleanse if we play our cards right we can be more than friends,

Still Oh so s-u-d-d-e-nly (so suddenly) ways of calculating ways of catapulting you and me

(out of this town)

City city won't you calm down they'll never know we're in here if we don't make a sound

Faster we'll divide all the sense into tiny parcels are you hoping it's tense girl?
