

When Two Are One

Atreyu

Bang

Explosions in my head that just won't quit
A train is crashing through the wall around my heart
And left it only dead, obliterated
Stop
My breathing in the night when you're not there
The silence ringing through my ears
And all I want to do is hear your voice
But you're not there
Drawn together
The pain has rushed through
Sleight of hand, blink
We won't go up in smoke
Things colliding, love undying
Like the rising tide
Beating hearts grow but never die
To simplify I'll stand by your side
Close my eyes, hope will never die
Like the rising tide
Beating hearts grow but never die
To simplify I'll stand by your side
Close my eyes, hope will never die
Burn
Take away the pain of being me
Soothe my soul, caress my heart
And end my fear of my bad memories
Eradicated
Pain
Like gunshots running against the silent night
My love was silent and these words were
Stronger than the rest, unstoppable
Unstoppable
Drawn together
Pain has rushed through
Sleight of hand, blink
We won't go up in smoke
Things colliding, love undying
Like the rising tide
Beating hearts grow but never die
To simplify I'll stand by your side
Close my eyes, hope will never die
Like the rising tide
Beating hearts grow but never die
To simplify I'll stand by your side
Close my eyes, hope will never die
Will never die
Die
Drawn together
Pain has rushed through
Sleight of hand, blink

We won't go up in smoke
Things colliding, love undyingLike the rising tide
Beating hearts grow but never die
To simplify I'll stand by your side
Close my eyes, hope will never dieLike the rising tide
Beating hearts grow but never die
To simplify I'll stand by your side
Close my eyes, hope will never die
Will never die, die
