

Through the Iris

10 Years

Cherish two circular views of blue with a gray shade

So captivating more than you knowFalse perceptions that brought forth these questions of truth, love and hope
Now that you're injuring I carry you with me, just please hold onDisappear and dissolve, a weakening wall will
one day fall

It's wise to sever our loss, I redefine pulse through your irisLove's not all lost but it's nailed to my cross
And crucified all that I've held on

To be awaiting, anticipating a touch such as yoursFalse affection, a spawn of neglecting a love, lust, hoax
Please understand me that now where you're standing

Is closer then I'd hopedDisappear and dissolve, a weakening wall will one day fall

It's wise to sever our loss, I redefine pulse through your IrisYour iris, your irisDisappear and dissolve, a
weakening wall will one day fall

It's wise to sever our loss, I redefine pulse through your irisDisappear and dissolve, a weakening wall will one
day fall

It's wise to sever our loss, I redefine pulse through your iris
