Head Over Heels (Demo)

Sam Amidon

I wanted to be with you alone
And talk about the weather
But traditions I can trace against the child in your
face
Wont escape my attention
You keep your distance with a system of touch
And gentle persuasion
Im lost in admiration could I need you this much
Oh, youre wasting my time
Youre just wasting time
Something happens and Im head over heels
I never find out till Im head over heels
Something happens and Im head over heels
Ah dont take my heart
Dont break my heartDont throw it awayI made a fire and watching burn
Thought of your future
With one foot in the past now just how long will it
last
No no no have you no ambition
My mother and my brothers used to breathe in clean in
air
And dreaming Im a doctorIts hard to be a man when theres a gun in your handOh I feel so...
Something happens and Im head over heels
Ah dont take my heart
And this my four leaf clover
Im on the line, one open mind
This is my four leaf clover
