

It Ain't Right

Midway Still

There go your big black Limousine
You're shakin? your booty for the magazine
 Pickin? an? posin? like a wannabe
It ain?t right, it ain?t right, such a waste of life
 Maybe you forgot how we live down here
 People work hard for their money, dear
 You had such a hard day lookin? at the mirror
It ain?t right, it ain?t right, honey, such a waste of life
 Another long weekend with your friend
 I thought that party would never end
 Well up to your rehab and gone again
It ain?t right, it ain?t right, honey, such a waste of life
 Bop, bop, bop, bop, bop, yeah
 There go your big black Limousine
