

90's Kids

Jennifer Love Hewitt

I was looking to the future
And suddenly I saw
A wonderful life ahead
For us all
There was peace, peace on earth
Food for all
Everyone loving one another
The short and the tall
My dream for the 90's
Let's make it come true
This world could be a better place
For me and you Get ready for the 90's kids
We're coming on strong
Gonna change the world
Right from wrong
90's kids will lead the way
We are the answer to a better day There were lasers and computers
And living in space
The 90's kids' dream is for the whole human race
My dream for the 90's
We'll make it come true
This world will be a better place
For me and for you Get ready for the 90's kids
We're coming on strong
Gonna change the world
Right from wrong
90's kids will lead the way
We are the answer to a better day All we need is a little help
From you to find
This peaceful world that lives
Deep inside my mind 90's kids, 90's kids Get ready for the 90's kids
We're coming on strong
Gonna change the world
Right from wrong
90's kids will lead the way
We are the answer to a better day
