

Told You So

Leslie Clio

VERSE:

You said
Forget about Francesca
You'll always reign supreme
You just been spending time
To pimp your self-esteem

What is it with you
Silly silly man
Once you had a sweetheart
That would have done all she can

Now you're fucking her
Lie around in her bed
But i'm the sweetest gone mama
You ever gonna get

CHORUS:

So don't say I didn't
I told you so, I told you so, I told you so
You kept wishing I was her
I'm afraid we don't concur

And don't say I didn't
I told you so, I told you so, I told you so
What am I supposed to play
Gotta mean just what you say

VERSE:

Memories keep calling
But I refuse to fall
Back to where we started
You never knew me at all

Never met a man
That could lie as good as you
I just wonder how she got you
And what she'll put you through

Now you're fucking her

And I hope you're satisfied
You been busy for a while now
Watch my senses die

CHORUS
