

Matador

Xmal Deutschland

was fur ein fest
take the red carnation
carina
place it in your hair
run to the arena
give it to your matador
matador....
was fur ein fest
spectacular - and in the avenidas
they celebrate the game
loud
about devotion or death
matador
matador....
your grace and your pose
knows only one target
legend and masquerade
for ever more
gets wilder and wilder
excited
banderillas
coloured knives are flashing
for the fight!
celebrate
take the red carnation
carina
throw it in the sand
launisch ist das gluck!
matador....
