Scarred

Doro

My eyes just drink you in and I always feel so much
I'm contemplating sin and you know I'm losing touch
Everything is moving fast, I know that this must end
Like a drug that doesn't last let the hangover beginThere's a pain that you left here
Though I don't know where you are

I always feel you there

Where I'm aching and I'm scarredCan you see it in my eyes? Can you taste it in my tears?

And I'm drowning every night, It's been going on for years

(I'm scarred)

I keep calling out you name, I keep reaching out for you

In the sweetness and the pain, the scar becomes the truthThere's a clock right by my bed, it keeps blinking out the time

In a bloody shade of red just like what's on my mind
And the time passes slow and this feeling never ends
And the darkness never goes and the new day won't beginThere's a pain that you left here
Though I don't know where you are

I always feel you there

Where I aching and I'm scarredCan you see it in my eyes? Can you taste it in my tears?

And I'm drowning every night, it's been going on for years

(I'm scarred)

I keep calling out you name, I keep reaching out for you In the sweetness and the pain, the scar becomes the truth

The truth, the truth, the scar becomes the truthThere's a pain that you left here

Though I don't know where you are

I always feel you there

Where I'm aching and I'm scarredCan you see it in my eyes? Can you taste it in my tears?

(I'm scarred)

And I'm drowning every night, it's been going on for years

(I'm scarred)

I keep calling out you name, I keep reaching out for you

(I'm scarred)

In the sweetness and the pain, the scar becomes the truthI'm scarred, yeah, I'm scarred, I'm scarred, yeah
I'm scarred yeah, scarred
