My Lackluster Love

Sponge

Hey my lackluster love
You are my one and only drug
I'll give you anything at all
Even though it might be pain
Relax killer you're a god
Everything fits so damn hard
Let's sit and enjoy the pain
They say we should feel so ashamed
But we know better
But we know better
Let's sing together
La la la
A demolition's going on
You complete me my A-bomb
You're like a needle in the arm
Every minute every day
You're my unit, you're the one
You're so space age when you come
Let's sit and enjoy the pain
They say we should feel so ashamed
But we know better
But we know better
Let's sleep together
La la la
I feel so inside of you
Hey my lackluster love
You are my one and only drug
Let's sit and enjoy the pain
They say we should feel so ashamed
But we know better
But we know better
Let's sing together
