Let It Roll

Secondhand Serenade

The night smells like December
And we?re deep undercover
Staking out what could be better than
All the money in the world
And I?m watching you and I?m waiting
For the perfect time to start participating
And you signal me to stay
But I open my mouth anyway
Now it?s over, we?re goners, it?s out of our control
And if there?s one thing that I know it?s that
It?s best to let it roll, so let?s just let it roll
Let?s just let it roll
Your hazel eyes paralyze my senses
Cut me down to size defenseless, I?m defenseless
And I know its late but I am waiting
For the moment that I?ve been anticipating
And I signal you to go
Where it will take us I don?t know
Now it?s over, we?re goners, it's out of our control
And if there?s one thing that I know it?s that
It's best to let it roll, so let?s just let it roll
Let?s just let it roll
Just don?t waste your night before it started
Make sure I?m worth every single second, yeah
Now it?s over, we?re goners, it's out of our control
And if there?s one thing that I know it?s that
It?s best to let it roll, so let?s just let it roll
Let?s just let it roll
And now it?s over, we?re goners, it's out of our control
And if there?s one thing that I know it?s that
It's best to let it roll, so let?s just let it roll
Let?s just let it roll
