

Hot Mango Flush

Jethro Tull

Hot mango flush
Hot mango flush Ladies with ice cream hair
Gyroscopic pink neon beams
Everybody's happy about somethin' The crowd moves like a flock of starlings
They switch direction as one
Jive on the jukebox, Jack and Joker
Split the night air with whoop and holler Hot mango flush Faint aroma, wood smoke, old fish
Diesel harbor, roadside mongrel
Painted man with buttons barely
Holding, bursting belly bulging Hot mango flush Doe-eyed ragamuffin mumbling
Scolded for some vague infraction
Stole a penny, candy-colored
Sweetheart kiss down at the market Down at the market
All the world seems to simmer Hot mango flush
Hot mango flush Ladies with ice cream hair
Gyroscopic pink neon beams
Everybody's happy about somethin' The crowd moves like a flock of starlings
They switch direction as one
Jive on the jukebox, Jack and Joker
Split the night air with whoop and holler Stole a penny, candy-colored
Sweetheart kiss down at the market Down at the market
All the world seems to simmer Hot mango flush
Hot mango flush
