Odd?

Supergrass

I drift out to sea
Moving slowly away
Alone on the breeze
Put my sorrow to sleepBut I know, yes I know, how to live
A true love for me is all that I need
Its something Ive always done wrongTo sleep but not dream
Is the way that I feel
Theres no one for me
On the bed of the seaBut I know, yes, I know, how to live
A true love for me is all that I need
Its something Ive always done wrongOh, but I know, yes, I know, how to live
A true love for me is all that I need
Its something Ive always done wrongI know it was odd to me
I know it was odd to me
I know it was odd to me
I know it was odd to me
