

Ever Since The World Began

Tommy Shaw

I'll never know what got me here
As if somebody led my hand
It seems I hardly had to steer
My course was planned And destiny, it guides us all
By its every rise and fall
But only for a moment
Time enough to catch our breath again And we're just another piece of the puzzle
Just another part of the plan
How one life touches the other
It's so hard to understand So we'll walk this road together
Try to go as far as we can
And we've been waiting for this moment in time
Ever since the world began Taking in the times gone by
We wonder how it all began
We'll never know and still we try to understand And even though the seasons change
The reasons shall remain the same
It's love that keeps us holding on
Till we can see the sun again And we're just another piece of the puzzle
Just another part of the plan
How one life touches the other
It's so hard to understand So we'll walk this road together
Try to go as far as we can
And we've been waiting for this moment in time
Ever since the world began So I'll stand alone, the man of stone
Against the driving rain
And the night has got your number
And the wind, it cries your name So we'll search for clues, win or lose
In this we're all the same
Where hope still burns eternal
We're the keepers of the flame And we're just another piece of the puzzle
Just another part of the plan
How one life touches the other
It's so hard to understand So we'll walk this road together
Try to go as far as we can
And we've been waiting for this moment in time
Ever since the world began Oh yeah
