

# It's In His Briefs

## The Bar and Grill Singers

Does your lawyer know what to do?  
How can you tell if he's right for you?  
    Is it in his fees?  
    Oh, no you'll be deceived  
        In his law degree?  
        Oh, that's no specialty

If you wanna show what your lawyer knows  
    It's in his briefs  
    That's where it, oh yeah  
        It's in his briefs  
        That's where it is

    Oh, is it in his face?  
    Oh, no that's just his charm  
        Maybe his briefcase?  
        Oh, no he'll do you harm

    Quiz him, and ask him nice  
To find out what your lawyer knows  
    If his stuff's what he says it is  
        It's there in his briefs

    How 'bout the way he acts?  
    Oh, no that's not the way  
And you're not list'nin to what I say  
    Quiz him, and ask him nice  
To find out what your lawyer knows  
    If his stuff's what he says it is  
        It's there in his briefs  
    How 'bout the way he acts?  
    Oh, no that's not the way  
And you're not list'nin to what I say

If you wanna show what your lawyer knows  
    It's in his briefs  
    That's where it, oh yeah  
        It's in his briefs  
        That's where it is
