

It Turns Me Inside Out

Lee Greenwood

In a way I'm glad it's over
Even though it's gonna hurt me once you're gone
But I can learn to live without you
Give me time and I can make it on my own

Lovin' you to me came easy
Now losin' you will change my life no doubt
In a way I'm glad it's over
In another way it turns me inside out

In a way I guess it's better
Even though there's nothin' good about goodbye
But I know I couldn't hold you
Now you've found the wings and you'll be groomed to fly

It's for sure I'm gonna miss you
But I guess that's what goodbye is all about
In a way I'm glad it's over
In another way it turns me inside out

On the one hand I know I'll be better off once you've gone
But I find a lot of heartaches on the other
And I can't say, I'll look forward to those nights, I'll be alone
And I wonder will there ever be another

'Cause lovin' you to me came easy
Now losin' you will change my life no doubt

In a way I'm glad it's over
In another way it turns me inside out
In a way I'm glad it's over
In another way it turns me again inside out
