The Promise

Motorpsycho

There's a feeling inside of me
but i can't seem to find the key
...and i shut away
This naggin notion
There's a wall and a golden door
a place to navigate to reach the core
The one that's never been reached before
An endless ocean...of promise
. of (a) promise
. of (a) promise
. of (a) golden promise
You're all alone in the multitude
with our ways and our attitudes
plain simple in solitudes that
(die-age sunday - die of age someday)
But there is something outside of this
valley of consumer bliss
something too prechious, too great to miss,
to throw away... a promise
... a promise
... a promise
... a golden promise
So give me something to hold on to
Something important that feels brand new
It doesen't matter what it claims to do
I'll take my chances
Acquisition is meaningless
And i feel tired of this emptyness
THere's nothing worth while to posess
That keeps these trances
These...
All those over-expences... by the promise
... the promise
... of the promise
... the promise
... the promise
... the promise
... the promise
... of the golden promise
