

# Begging

## The Midnight Beast

All animals we are  
Round the bench in the park  
Your sisters in the dark today  
Watery pinned eyes  
My soul has gone a little cold

Well, maybe maybe next year  
If it isn't to dear  
We'll get ourself some good time girls  
Remember when you pay  
You'll pay in many many ways  
Now he's crossing the road  
Picking up his daily sport

Oh now they're begging you  
They're begging you  
What will you do?  
Oh my they're begging you  
Your friend begging you  
What can you do?

Have you heard the singer said  
He's a dead ringer for  
A feeling that I used to know  
Hell she cries oh hell  
No no it's a funny way to go  
Now he's crossing the road  
Picking up his daily sport

Oh now they're begging you  
They're begging you  
What will you do?  
Oh lord they're begging you  
Your friend begging you  
What can you do?
