

# Loveless

## X Ambassadors

Young hearts broken in  
Stolen parts, secondhand  
You came, you came around  
I was dried up, was broken down I can't find it, can't find it  
The road I traveled on is gone  
I can't find it, can't find it  
And I can't go on I can't give you love cause I'm loveless, loveless  
I can't give you love cause I'm loveless, loveless  
I can't give you love cause I'm helpless, helpless  
I can't give you love cause I'm loveless, loveless  
I can't give you love Fickle heart, fickle mind  
I gave it all, she robbed me blind  
When I met you, I was half a man  
With half a heart and half a chance I can't find it, can't find it  
The road I traveled on is gone  
I can't find it, can't find it  
And I can't go on I can't give you love cause I'm loveless, loveless  
I can't give you love cause I'm loveless, loveless  
I can't give you love cause I'm helpless, helpless  
I can't give you love cause I'm loveless, loveless  
I can't give you love I can't give you my love  
I can't give up on you  
Give you the stars up above  
I can't I can't give you love cause I'm loveless, loveless  
I can't give you love cause I'm loveless, loveless  
I can't give you love cause I'm helpless, helpless  
I can't give you love cause I'm loveless, loveless  
I can't give you love  
I can't give you love  
I can't give you love
