Futures

Zero 7

Made a note of it
Did you write it on your hand?
Put a name on it
To help you understand
Well, do you see
The futures holidays are for me?
Just let me know
Where we go after the fall
Like the sound of it
Gonna hang it on your wall
Turn and run with it
For the sake of one and all
Where you go, nobody knows
Well, do you see
The futures holidays are for me?
Just let me know
Where to go, where you go after the fall
