Legends Die

Bleed The Dream

there you go
throwing stone
this is how you want to end it
take your life
precious life
your not even worth defendingi know your out there laughing
its time to disappear
and i know your hearts are empty
and the end is calling nearits just what you wanted
just what you wanted
to be dead and dishonest
so just let it take you
just let it take you
cause its sad what its come totake it in
breath it in
even though your lungs cant stand it
push it out
breath it out
you know they're waiting open handedand i could never tell you
the things you want to hear
what your about to go through
will force you through your fear
its just what you wanted
to be dead and dishonest
so just let it takeyou
cause its sad what its come toits just what you wanted
to be dead and dishonest
so just let it take you
cause its sad what its come to
