

# Bones (feat. HVOB)

[Oliver Koletzki](#)

I have a bone to pick with you  
Cause you're lazy like a bone  
You pull all the stopsLies all are said and done  
Lies soon catch up with one  
You pull all the stopsI work my fingers to the bone  
And you just didn't run  
But yet you're having funI have a bone to pick with you  
Cause you're lazy like a bone  
You pull all the stops  
You pull all the stops  
You pull all the stops  
You pull all the stops  
You pull all the stopsI feel you in my bones  
And make no bones about  
And make no bones about  
And make no bones about  
And make no bones aboutWell you're running with the hare  
And hunting with the hounds  
I'm a bag of bones  
Can you sign my bones  
Can you sign my bonesWell you're running with the hare (well you're running with the hare)  
And hunting with the hounds (and hunting with the hounds)  
I'm a bag of bones (I'm a bag of bones)  
Can you sign my bones (can you sign my bones)  
Can you sign my bones (can you sign my bones)
