

My Bike

Bif Naked

The last time I fell in love - she had red, red hair and a ring in her lip
She called me "jellybean" while playing basketball
It was so divine...but never like this And you are my entity, you are my dream
yeah you're my dream....Lazy Saturday like a kitten in the sunshine, warm as Arkansas
I wash your tires with rose water, after the mud bog I bathe you in my love And you are my entity, you are my
dream
yeah you're my dream....
Remember the first time I met you, I spilt apple juice all over you, and you were all wet and
sticky.
Then I took you and I rolled you through the forest, through the mud and leaves,
and tied you to a tree and you liked it!
Next time I met you I sat on you and rolled and rolled and rolled and rolled and rolled
back to the forest, in the mud, in the leaves,
and I tied you to that same tree 'cause you liked it in my dream! And you are my entity, you are my dream
yeah you're my dream....
