The Verve

Dream, dreamDamaged, do you see through the scream?

Damaged but I know I will survive

Damaged but I guess I'll move onDream, dream

Live this life before your soul's a small grain in the skyJust keeping it, keeping it on

Just keeping it, keeping it on

Just keep it, keep it on, just keeping it, keep itDream, dream

Live this life before your soul's a small grain in the skyDamaged, do you see through the scream?

Damaged but I know I will survive

Damaged but I guess I'll move onToo many people, too many dreams now, too many dreams now

I'm gonna come out now, I'm gonna come back nowDream, dream

Live your life before your soul's a small grain in the sky

Dream, dream

Live your life before your soul's a small grain in the sky
