Hives

Those Darlins

You give me hives
You give me hives
I get so nervous when you aint by my side
Im breakin out so bad that I just wanna die
Oohhh Oohh you give me hivesIm breakin out in a rash of lust
Cold hot sweatin and my blisters gonna bust
You aint here but I can still smell your musk
Oohh OohhYou give me hives
You give me hives
I get so nervous when you aint by my side
Im breakin out so bad that I just wanna die
Oohhh Oohh you give me hivesHomeopath or an oatmeal bath
Mia said I better change my act
Adrenaline shot cant kill the scratch
Oohh OohhYou give me hives
You give me hives
I get so nervous when you aint by my side
Im breakin out so bad that I just wanna die
Oohhh Oohhh you give me hivesBaby its you baby for you
Baby its you babe for you
Baby its you babe for you
Baby its you babe for youCome home baby I cant get well
Im burnin up swellin up in this hell
Im alive in love and covered in welts
Oohh Ooohh
