

Falling Away with You

Muse

I can't remember when it was good
Moments of happiness elude
Maybe I just misunderstood All of the love we left behind
Watching the flash backs intertwine
Memories I will never find So I'll love whatever you become
And forget the reckless things we've done
I think our lives have just begun
I think our lives have just begun And I'll feel my world crumbling
And I'll feel my life crumbling
And feel my soul crumbling away
And falling away, falling away with you Staying awake to chase a dream
Tasting the air you're breathing in
I hope, I won't forget a thing Promise to hold you close and pray
Watching the fantasies decay
Nothing will ever stay the same And all of the love we threw away
And all of the hopes we've cherished fade
Making the same mistakes again
Making the same mistakes again I feel my world crumbling
I feel my life crumbling
I feel my soul crumbling away
And falling away, falling away with you All of the love we left behind
Watching the flash backs intertwine
Memories I will never find
Memories I will never find
