

# Radio

## Big & Rich

On the road making noise  
Rocking hard for all the girls and boys  
We got the groove we got the songs  
Our kinda music makes you sing along  
Well jump on up in your chair  
Everybody throw your hands in the air  
You're gonna scream until it hurts  
You know you're gonna get your dollar's worth well[Chorus:]  
Crank it up tonight  
When you hear us on your radio  
Oh oh, oh oh  
We'll take you for a ride  
Anywhere that you want to go  
Oh oh, oh oh  
Glad y'all could make it out to the big show  
One, two, three, four  
Hey, hey, here we go A big city or a hick town  
Sooner or later we'll be coming around  
We like to party with the rowdy crowd  
We like our fiddles and our guitar's loud[Chorus x2]
