Cool Cat

Garfield

And there's a cool cat in town
Don't you try to take him down
He's a cat, he's a cat, he's a cool cat
Make him party in the night
He will show you how to move
He's a cat, he's a cat, he's a cool cat
There's a cool cat on ground
He's the best of all you frown
He's a cat, he's a cat, he's a cool cat
Make him party in the night
When a feeling is all right
He's a cat, he's a cat, he's a cool cat(Oh ha. You're a cool cat, cool cat baby, cool cat
You're a cool cat, cool cat baby, cool cat)And there's a cool cat in town...
He's a sweet sensation making your day
With a big temptation I was demanding
He's a sweet sensation breaking your heart
And with a big temptation you never let him go
