

# Findaway

## Silverchair

One, two, three, four  
You've been locked up, and you need to escape  
You broke the law, it was a first offence  
Drug addiction, subtracting all your priveleges  
Giving up just makes no sense, sense  
We'll findaway  
We'll findaway  
Don't give in, don't give in  
Don't give in, don't give in, ohh  
All you can, think about is breakin' free  
You can't make it on your own  
You're thinking negative, nothing can go right  
It's eating you down to the bone, bone  
We'll findaway  
We'll findaway, we'll findaway  
Don't give in, don't give in  
Don't give in, don't give in, ohh  
Ohh, ohh  
Ohh, ohh  
We'll findaway  
We'll findaway  
Don't give in, don't give in  
Don't give in, don't give in, ohh
