

Fatman

G. Love & Special Sauce

Yo fatman
You got some business in the front room
Dude wants to buy a ride
Is that right?
Tell him I said I'm eating a sandwich
What's it gonna be
Me or my ham and swiss
Your gonna miss the sale fatman
Your gonna miss your sale you fat whale
I bet your face has pocks
Like chicken croquettes
Your knees are gonna knock
To stand on them pork chops
Stop eating for a second cause I got the money
Stop eating for a second cause I got the money
Want to buy fan van
From a fat fat man
He said see the tears in my eyes
See the tears in my eyes
See the tears in my eyes
Mean mean old man
Mean mean old mind
Fatman I'm customer
Come on and play nice
Gots to make an offer now
Or you're gonna pay the price
Bet your day would be great
If I brought you some
Steak and potatoes
Your jowells are like
Rotten red tomatoes
Sold me the car you could at least make some dough
You're dough boy you're rude
I don't like that attitude
Treat me like that
I'll have to bust a hit
In graffitit on your wall
Should've taken my call
See the tears in my eyes

See the tears in my eyes
See the tears in my eyes
Mean mean old man
Mean mean old mind
Fat Man
Fat Man
Fat Man
