Adaptability

Until Rain

We've reached the end of time
The gates of dawn
The edge of night
Remember all the things you've learnt
Keep those secrets in your heartFinding your dreams
You discovered one love
One that never diesWalking out of my door
I travel the world
Breathing the air,
I breathe the taste of lifeI leave behind that place
I spent a thousand nights
Climb so high their walls
I make my way through the deadlights
Rise from bed I run awayAll alone now,
I walk a lonely shore,
Trying to live again these moments
I realize the feel is gone
God I'm so glad now
Still I can feel the morning breeze
Upon my lips, it feels so cold,
So real, so pure, so strongBut day after day
I felt her kindness wore away
An empty rusty train
Im so lost on love's mysterious rail
Oh God, how much I wanted her to stayThey are calling me tonight
My Dreamworld memoriesWas no one there
To hold on tight
Alone you were my childAnyway these days are gone
Mirrors speak what they say I'm old
Theres so much pain this heart can't take it any moreI hear her voice, strange games we play
How she's touching my face I can't run away
I can't believe that Rita Kane is standing before my eyes
And yet shes there, but my eyes say no,
I can feel her pulse that beats upon my ownShe is calling me tonight
The woman in my dreamsWas no one there
My faith has died
We finally reunite
The dream is real
I now believe

I come to you tonightStill her ghost appears every starless night,
It sits upon my bed,
in the candles light.
I remember the days, oh
we danced like were one.
I remember the days,
we walked in the sand.Didnt wanna see,
didnt wanna feel
Didnt want your love,
I didnt want you to die.
Never wanted dreams,
never wantedDoomed, forever blind
Made my life an eternal night
Haunted until I die
I gave my love to a ghost
And now I pay the priceI wake in the night an I find you there
Tiptoeing naked then you lay in my bedCurled beside me I taste your freezing breath
Folding around me I feel the zephyr of deathTricks of your mind its just a crazy illusion
Oh talk to me, hold me tight
Isolated, I locked myself in seclusion
Stay with me let us ride the nightThere by the shore
Not alone anymore
Sits a man that turns his life
Into a strange distant song
Then he turns onto the sea
And he speaks out
His void soliloquyStargazing child
I take my leave
My journey ends todayAnd now its time you know
It seems so long ago
Years tend so quick to flow
So long agoReturn to me, return to life
Leave the Reign of Dreams behind
Deny your death, deny this lie
Stay with me
let us ride the nightFinding your dreams
You discovered one love
You may close your eyes
