Like The Morning Dew

Laura Mvula

[Chorus:]Our love is like the morning clouds
Like the morning dew, that goes away
Our love is like the morning lights
Like the morning dew
Like the [?] away, burning
Nothing lasts but memories
The best one seem to go by slow
Try to write the perfect song for you
Then I realize it didn't belong to me
It didn't belong to me
[Chorus:]Our love is like the morning clouds
Like the morning dew, that goes away
Our love is like the morning lights

Like the morning dew
Like the [?] away, burning
Heaven knows how long to go
We never have a thing to show
Every day seems like the same
Then I realized I didn't belonged to you
I didn't belong to you,
[Chorus:]Our love is like the morning clouds
Like the morning dew, that goes away
Our love is like the morning lights
Like the morning dew
Like the [?] away, burning
Like the morning dew, oho, oho
Love is, oho, oho, like the morning [?]
