Neuro Suspension

Suicide Commando

Time
To leave this life behind
To leave this state of mind
To say farewell
Leave this hell
Fear
Now that the end is near
There's no way out of here
Now that your dead
Came way too nearNeuro suspension
Eternal life expansionTime
to breathe your final breath
to reach this point of dead
there's no return
don't let me burn
fear
now that the end is near
there's no way out of here
now that your dead
came way too nearneuro suspension
eternal life expansion
