

If My Heart Had Wings

Faith Hill

Damn these old wheels
Rolling too slow
I stare down this white line
With so far to goHeadlights keep coming
Loneliness humming along
Who poured this rain
Who made these cloudsI stare through this windshield
Thinking out loud
Time keeps on crawling
Love keeps on calling me homeI'd jump all these mountains and take to the skies
Sail through the heavens with stars in my eyesIf my heart had wings
I would fly to you and lie
Beside you as you dream
If my heart had wingsWe both committed
We both agreed
You do what you have to to get what you need
Feeling you near me with so many miles in between
Lord, it ain't easy out here in the dark
To keep us together so far apartIf my heart had wings
I would fly to you and lie
Beside you as you dream
If my heart had wingsStuck on this circle
Spinning around
Cut loose from this rope
That's tying me downIf my heart had wings
I would fly to you and lie
Beside you as you dream
If my heart had
If my heart had wings
I would fly to you and lie
Beside you as you dream
If my heart had wings
