

Fifty States of Freedom

Brewer & Shipley

Don't know who's been driving my car
But he sure is good
I've been sleeping on the job, sweet mama
And it's been such a long, long, long time since I've seen home

Lonely people in Holiday Inns
I've been looking over fifty states of my freedom
And I'm dying to make it home again

Fifty states of freedom
Fifty states of freedom
Fifty states of ...

Mr. Every Day Jones with a face full of gin
Sweet mama tranquil on her pills now she's high
Baby's on the long, long, long run
He's strung out again

Lonely people in Holiday Inns
I've been looking over fifty states of my freedom
And I'm dying to make it home again
Fifty states of freedom
Fifty states of freedom
Fifty states of freedom

United States of my freedom

Don't know who's been driving my car
But he sure is good
I've been sleeping on the job, sweet mama
And it's been such a long, long, long time since I've seen home

Watching the electrical signs telling me what to do
Turn it right and turn it left now they all say
Better keep your eyes open wide
You're going the wrong way

Lonely people in Holiday Inns
I've been looking over fifty states of my freedom

And Iâ€™m dying to make it home again

Fifty states of freedom
Fifty states of freedom
Fifty states of freedom
Freedom, Freedom, Freedom
Freedom, Freedom, Freedom
Lonely people in Holiday Inns

Iâ€™ve been looking over fifty states of my freedom

And Iâ€™m dying to make it home again

Fifty states of freedom
Fifty states of freedom
Fifty states of freedom

United States of my freedom
