When You Say Nothing At All

Frances Black

It's amazing how you can speak right to my heart
Without saying a word you can light up the dark
Try as I may I could never explain
What I hear when you don't say a thing

Chorus
The smile on your face lets me know that you need me
There's a truth in your eyes saying you'll never leave me
The touch of your hands says you'll catch me whenever I fall
You say it better when you say nothing at all

All alone I can hear people talking about
But when you hold me near you drown out the crowd
Old Mr. Webster could never define
What's being said between your heart and mine

Chorus

It's amazing how you can speak right to my heart
Without saying a word you can light up the dark
Old Mr. Webster could never define
What's being said between your heart and mine

Chorus (3x)
