suggest that

you think this through and then go call your crew 'cause you 'gon need a
little help, a matter of fact all the help you can get 'cause country folk
from the dirty south aint the folk to play with. now I'll admit sometimes
some folks just understand but on the real it appears to me you gon learn
fist hand now if thats the deal on how you feel then name the time and
the place and me and my crew will be glad to hoop to da hoop all in yo
face baby. hoop all yo face gonna hoop all in yo face yah baby hoop all in yo face

ready so ya better believe that yall aint ready yall aint ready yeah baby
yall aint ready yall aint ready one time we aint tryin to scare ya up yall we lettin' you know that it aint no
games when it comes to the 65 plus 4. 'cause we take time to do it right
uh and that there's for sure and once we do it you best believe it's not
to be done be no more 'cause we take pride in dustin' chumps off like it
no thang so if you and your little crew still believe yall can hang then
do just like I said before and time and the place and me and my boyz do
the do heee-oop in yo face hoop all yo face gonna hoop all in yo face come on now hoop all in yo
face gonna hoop all in yo face yeah baby hoop all in yo face gonna hoop
all in yo face one time hoop all in face gonna hoop in yo face Dawg maybe you can explain 'cause I dont
understand how you 'gon

hang

when you aint even munch the man sittin' next to the man dont get me
wrong you still get respect 'cause we were raised like that to get with
this crew and let me tell you it aint no day like thar now I done said
all I'm gonna say and I won't sat nothin' else 'cause you got the facts
and it's up to you on how you gonna play yourself but if you decide to
get with crew you better bring the base 'cause once we start we aint 'gon
