

# I'm On Fire (Album Version)

## 5000 Volts

If you want a sweet, sweet love tonight  
Call me and I'll make you feel alright  
When you're out and running around  
Playing games all over town  
Turn around, come on down, I'll be there  
Yeah, yeah If you want some sweet, sweet love from me  
Take a chance with someone new you'll see  
I can make your fire burn with the touch of just one kiss  
Turn you on all night long  
You'll be gone, gone, gone Honey, now I'm on my way  
I'm on fire Yes, I am, I'm on fire Honey, now I'm on my way  
I'm on fire I'm on fire, baby Honey, now I'm on my way  
I'm on fire Yes I am my baby Honey, now I'm on my way  
I'm on fire  
I'm on fire, fire If you want some sweet, sweet love from me  
Take a chance with someone new you'll see  
I can make your fire burn with the touch of just one kiss  
Turn you on all night long  
You'll be gone, gone, gone Honey, now I'm on my way  
I'm on fire I'm on fire, baby Honey, now I'm on my way  
I'm on fire I'm on fire, baby Honey, now I'm on my way  
I'm on fire I'm on fire, fire, fire Honey, now I'm on my way  
I'm on fire  
I'm coming, I'm coming, I'm coming Honey, now I'm on my way  
I'm on fire  
I'm coming, I'm coming, I'm coming Honey, now I'm on my way  
I'm on fire  
I'm coming, I'm coming, I'm coming
