Trinco Dog

Bedouin Soundclash

Trinco Dog have you sang your last song?
Cause you look tired today
But if you keep walking, there's people talking
And a band that might play
Trinco Dog sang a song,
Band play along
So boy sing a song,
You know you couldn't go wrongStill I can't find the words to play
And there's nothing left you can say
The road less travelled is rock and gravel
And there's nothing for pay
Trinco Dog sing a song
Band play along
So boy sing a song
You know you couldn't go wrongThat song changed but the rhythm remained
As Trinco Dog sang away
The road less travelled is rock and gravel
And there's nothing for pay
Trinco Dog sing a song...
