

# Milquetoast (Live At Warped Tour 2006)

## Helmet

Tell me if you think it's all right  
I'll give in to what you know  
I don't see the habits that  
Become me  
I've saved up my useless thoughts Well means, it works I'm on your side  
I said that? well so, I lied  
remember I tried not to be wary  
This failed me once too much Unrecognized  
Well preserved  
Don't forget what you heard
