Do You Enjoy the Distortion?

Earthsuit

Do you enjoy the distortion?
Stomp box yourself to the ground
Do you enjoy the distortion?
Mad fuzz give birth to the soundAre you singing
Oh, fascinate me
Just fixate the distortion
Don't complicate me
It's so easy like this nowDo you enjoy the distortion?
It's amplifying my brain
Do you enjoy the distortion?
That overdrives you insaneWell are you singing
Oh, fascinate me
Just fixate the distortion
Don't complicate me
It's so easy like this nowDistort, rock you head back and forth
Mad fuzz give birth to the sound
Clear your mind of the fuzz that you see
With the one that lives within you greater is he
Distortion will rock your head back and forth
Mad fuzz give birth to the sound
It'll rock your head back and forthListen for the sound
Distortion, it will rock your head
Back and forth
Listen for the sound
Distortion, it will rock your head
Back and forthOh, fascinate me
Just fixate the distortion
Don't complicate me
It's so easy like this nowDistort, rock you head back and forth
Mad fuzz give birth to the sound
Clear your mind of the fuzz that you see
With the one that lives within you greater is he
Distortion will rock your head back and forth
Mad fuzz give birth to the sound
It'll rock your head back and forthDistort, rock you head back and forth
Mad fuzz give birth to the sound
Distort, rock you head back and forth
Mad fuzz give birth to the sound
Distort, rock you head back and forth

Mad fuzz give birth to the sound
Distort, rock you head back and forth
Mad fuzz give birth to the sound
Distort
