

Going Home

Kenny Carr

I've seen her face
In those scented magazines
All is forgivin'
I love her still
And we're home, home
Goin' home
The Chrysler building
Was talkin' to the empire state
The twin towers
Were talkin' to each other
Sayin', "All is forgivin'
I love you still
And we're home, home
Goin' home"
What she saw in him nobody knew
It's a mystery
What she saw in him nobody could tell
Now it's history
All is forgivin'
I love her still
And we're home, home
Goin' home
And we're home, home
Goin' home
And we're home, home
Goin' home
