Deadly Weapons

Eyes Set To Kill

I have to get away
Out of this place where I became
The type who sits and laughs
At everyone who judges me
It's so damn dark in here
I can't see in front of me
My flames have all burnt out
My hope's no part of my reality
There's no escaping fear
I can't breathe, I'm struggling
My flames have all burnt out
My hope's no part of my reality
There's something pulling me
In the wrong direction
My confessions aren't at rest
They can't get by
Oh no, 'cause these are deadly weapons
Deadly weapons
Why must this perception take my breath?
I can't get by
Oh no, 'cause these are deadly weapons
Deadly weapons
With no direction to go
Will my feet carry me?
To where I need to go
To find myself the perfect remedy
Can I bare all of the weight
Of my mistakes? Give me strength
Wherever will I go
To find myself the perfect remedy
There's something pulling me
In the wrong direction
My confessions aren't at rest
They can't get by
Oh no, 'cause these are deadly weapons
Deadly weapons
Why must this perception take my breath?
I can't get by
Oh no, 'cause these are deadly weapons

I can't get by
Now I can never take it back
Now I can never take it back
The truth might take us down
Lose ourselves in the sound
I won't want to hear your name
I won't want to see your face again
Words crumble to the ground
You'll blow the candles out
I won't want to hear your name
I won't bare to see your face again
There's something telling me
I better take my chances
My confessions aren't at rest
They can't get by
Oh no, 'cause these are deadly weapons
Deadly weapons
Why must this perception take my breath?
I can't get by
Oh no, 'cause these are deadly weapons
Deadly weapons
My confessions aren't at rest
They can't get by
Oh no, 'cause these are deadly weapons
I can't get by
I know there's something more
I know there's something more
I know there's something more
I know there's something more
Now I can never take this back
Now I can never take it back
