

# Phonebill Song

## Hole

She's a bimbo playing on the damn phoneI can really fuck you up, yeah  
Because I'm the demon buttercup  
You have to spit to see the shine  
I see the carcass in your eyesBefore I go to sleep  
Get it away from meSee the demon whore has eyes  
Well, everything you look at dies  
I gotta run up the phone bill  
Because I'm a loser buttercup, uh-huhBefore I fall in too  
Baby, I don't owe youI could really suck you in  
And you'll never see the light again  
I gotta run up your phone bill  
Because I'm a loser buttercup, uh-huhOh, I just want more  
Baby, I just get bored
