

Impossible

Artichoke Heart Souffle

Da Da Dun Da Da Da
Dun Dun
Dun Da Da

I'm sorry if I startled you.
(Oh ohhh ohhh)
But, I was feeling so alone there in my room.
When I heard you call...
Well I flew.

Out of bed, then out the door.
(Oh ohhh ohhh)
In the car I pushed the pedal to the floor.
The thought of it so impossible.

The impossible is here.
The impossible is now.
The impossible is right before your eyes.

Da Da Dun Da Da Da
Dun Dun
Dun Da Da

Thought I'd come in and hold your hand.
(Oh ohhh ohhh)
Thought I'd stand up there and be this
big strong man.

Guess they're somethings you can't control.

Blame my mind when no thoughts 'll do.
(Oh ohhh ohhh)
Frozen there I couldn't help but sit and stare.
The thought of it so impossible.

The impossible is here.
The impossible is now.
The impossible is right before your eyes.

(Your eyes, your eyes, your eyes...)

Da Da Dun Da Da Da
Dun Dun
Dun Da Da

(Whoaaa, Whoaaa)

The impossible is here.
The impossible is now.
The impossible is right before your eyes.

Is right before your eyes.
It's right before your eyes.
It's right before your eyes.

It's right before your eyes....
