

# Future Husbands Past Lives

## White Sea

Future husbands and past lives  
Pretend I'm dead, it's the best lie  
You're the only boy in the world  
And I'm the only woman in your church I'm never gonna give you up  
You're only mine  
I'm never gonna give you up  
You're only mine  
Future husbands You're just a killer but I'm still alive  
Take what you want but please leave this time  
You're the only boy in the world  
And I'm the only woman in your church I'm never gonna give you up  
You're only mine  
I'm never gonna give you up  
You're only mine  
I'm never gonna give you up  
You're only mine  
I'm never gonna give you up  
You're only mine Try it again  
Try and kill me again  
But it's all for me I'm never gonna give you up  
I'm never gonna give you up  
I'm never gonna give you up  
I'm never gonna give you up I'm never gonna give you up  
You're only mine  
I'm never gonna give you up  
You're only mine  
I'm never gonna give you up  
You're only mine  
I'm never gonna give you up  
You're only mine
