

# Take It Or Leave It

## Computer Magic

You know that I'm not an angel  
I told you when you walked in the door  
You know that you make me happy  
Better than the time before  
Take it or leave it  
Do whatever you want  
Take it or leave it  
Do whatever you want to me  
You know that you're just a playmate  
What are you trying to gain  
Lead me into the darkness  
To play our little nighttime games  
Take it or leave it  
Do whatever you want  
Take it or leave it  
Do whatever you want to me  
You say you wanna be with me  
I see it in you  
It's only a one night stand  
And then we're through  
You know that it makes me sad  
To see how you feel for me  
I gotta start movin' on  
Someone else is waitin' for me  
Take it or leave it  
Do whatever you want  
Take it or leave it  
Do whatever you want to me
