

# Honky Tonk Girls

## Hank Williams III

I went honky tonkin' last Saturday night  
Dancin' and prancin' beneath the neon lights  
Pocket full of silver and not a care in the world  
Havin' fun and flirtin' with them honky tonk girls  
Honky tonkin' baby, I'm gonna make you mine  
Eyes that sparkle like the stars, lips that's sweeter than wine  
Two step with ole' Willie and slow dance with ole' Merle  
Goin' round in circles with them honky tonk girls  
Honky tonk girls, honky tonk girls  
With their big hair and their rhinestones and their pearls  
Honky tonk girls, honky tonk girls  
Well, come Saturday night, well, I'm getting' tight  
With them honky tonk girls  
All day long I'm workin' hard, pushin' this broom around  
Thinkn' about the things I'll do goin' out on the town  
When that yellow moon comes shinin' on this old world  
I'll be makin' love to my honky tonk girl  
Honky tonk girls, honky tonk girls  
With their big hair and their rhinestones and their pearls  
Honky tonk girls, honky tonk girls  
Well, every Saturday night, well, I'm getting' tight  
With them honky tonk girls  
Well, ever Saturday night, well, I'm getting' tight  
With those honky tonk girls
