

# Thanks a Lot

## Ernest Tubb

Advisory - the following lyrics contain explicit language:

Thanks, thanks a lot  
I got a broken heart, that's all I've got  
You made me cry and I cried a lot  
I lost your love, baby thanks a lot  
You told our friend as I was passin' by  
That you're not sorry that you made me cry  
You said I deserve just what I got  
Well if that's how you feel, honey thanks a lot  
Thanks, thanks a lot  
I got a broken heart and that's all I've got  
You made me cry and I cried a lot  
I lost your love, honey thanks a lot  
Oh, Leon  
You wanted a fool and I played the part  
Now all I've got is a broken heart  
We loved a little and laughed a lot  
Then you were gone, honey thanks a lot  
Thanks, thanks a lot  
I got a broken heart and that's all I've got  
You made me cry and I cried a lot  
I lost your love, honey thanks a lot
