Stained

Tori Kelly

(Ooohwoaah Ohwaoaaohohoh)What ever your searching for, you wont find it here.
But i'll admit something keeps pulling me back
into your atmosphere.I'm really good at mistakes.
All the marks I left on the page, they seem
to never want to disappear. (No no no no)Why do you still come around?
When all I do is push push push you away.
I really really wanna take a chance
on you but I.I hesitateI'm afraid to start.
Don't want to break your heart.
Just finished picking up the pieces from this mess.
I never meant to hurt nobody.
But now i tend to mooove slowly.
Cause' if I ever slip from your finger tips
my name will be stained on your lips.
(Ooohwoaah Ohwaoaaohohoh) (x2)Feels like everybody's watchin' to see what my next
move isDo I proceed with caution
or do i just dive in
I'm fine with taking it slow.
Enjoy life on my own.
But I could be confusing
sometimes, I know.I'm surprised you're still around.
Baby, all I do is push push push you away.
I really really wanna take a chance on you but I. (Ohhh_)
I need to make sure this isn't just a phase.
I'm Afraid to Start!
DON'T WANNA BREAK YOUR HEART.
Just finished picking up the pieces from this mess.
I never meant to hurt nobody
But now i tend to move slowly.
Cause' if I ever slip from your finger tips my name will be stained.
IM AFRAID TO STAART.
DONT WANNA BREAK YOUR HEART
JUST FINISHED PICKING UP THE PIECES FROM THIS
MESS
I NEVER MEANT TO HURT NOBODY.
BUT NOW I TEND TO MOOOVE SLOWLY.
CAUSE' IF I EVER SLIP FROM YOUR FINGERTIPS MY NAME WILL BE STAINED ON YOUR
LIPS.(Could'nt finish rest I'll edit later)
